Introducing of world electronic materials conference

EMC 2024
SINGAPORE

ELECTRONICMATERIALSCONFERENCE.COM

Welcome to the EMC 2024-Hybrid Event!!

Join us from December 16 to 18, 2024, in Singapore for the World Electronic Materials Conference - EMC 2024, a premier event in the realm of electronic materials. Whether you're in Singapore or joining virtually from anywhere in the world, this is your invitation to explore and innovate in the realm of electronic materials. Be part of a global community of researchers, scientists, and professionals passionate about advancing electronic materials and technologies.

Sustainable Electronic Materials for an Interconnected World

Our conference theme, "Sustainable Electronic Materials and Technologies for a Connected Future," sets the stage for three days of discovery. Dive into groundbreaking research, engage with experts, and be part of the global conversation shaping electronic materials.

Thank You for Being a Part of EMC 2024

Speakers

Dear Esteemed Speakers, On behalf of the organizing committee, it is my great pleasure to extend a warm welcome to each of you at the World Electronic Materials Conference. Your presence here is a testament to your expertise and commitment to advancing electronic materials research and innovation. This conference serves as a platform for thought leaders, researchers, and industry professionals to share their insights, latest discoveries, and groundbreaking advancements in electronic materials. We are truly honored to have such a distinguished group of speakers who are at the forefront of shaping the future of electronic materials. As we embark on this intellectual journey over the next few days, we encourage you to engage, collaborate, and foster meaningful discussions that have the potential to drive transformative changes in the field. Your contributions are invaluable, and we are eager to learn from the wealth of knowledge and experience that each of you brings to the table. We understand that the electronic materials landscape is dynamic and ever-evolving. The diversity of topics covered in your presentations reflects the breadth and depth of the challenges and opportunities within the field. We anticipate thought-provoking discussions that will not only deepen our understanding but also inspire new avenues of exploration. Please take this opportunity to connect with fellow speakers, researchers, and participants. The exchange of ideas and collaboration that emerges from this conference has the power to shape the trajectory of electronic materials research for years to come. Once again, thank you for being an integral part of the World Electronic Materials Conference. We look forward to the enlightening sessions and the impactful contributions that will undoubtedly arise from your presentations. Wishing you a productive and inspiring conference.

About Venue

- The main highlight of this park is the iconic Merlion statue, a mythical creature with the head of a lion and the body of a fish. The statue spouts water from its mouth, creating a mesmerizing sight. Visitors can take memorable photos with the Merlion as a backdrop. Marina Bay Sands® is a destination for those who appreciate luxury. An integrated resort notable for transforming Singapore's city skyline, it comprises three 55-storey towers of extravagant hotel rooms and luxury suites with personal butler services. Set in a rainforest environment, Singapore Zoo is renowned for its open concept', which offers visitors from around the world the opportunity to be inspired by the wonders of nature and wildlife. Its Flower Dome is the largest glass greenhouse in the world. Gardens by the Bay was part of the nation's plans to transform its "Garden City" to a "City in a Garden", with the aim of raising the quality of life by enhancing greenery and flora in the city.
